

Home / School Family Compact Philosophy

The Shawsheen School community is committed to providing each child with the opportunity to achieve success and work to his/her fullest potential.

We believe that by working together (family and school), we empower each child to meet the high standards of the Massachusetts Frameworks.

Our Title I Program strives to provide each child with a balanced literacy program. We are committed to providing your child with an individualized program, focusing on his/her specific needs. Your child's needs (checked below) have been identified based on our early literacy assessment and will be revised at parent conferences.
